Subject: Important changes for August golfing calendar

Hello All

Please note a change of date for the August Natural Hazards, which will be shifted forward one week to Sunday 18 August. If you have guests who play, can you please ensure they are made aware. Natural Hazards is growing in popularity, so please ensure you and your golfing friends note this change in your AGC handbook and diaries.

This event has been shifted to accommodate a special charity golf event for long-time AGC Member Peter Crone, who has been diagnosed with Motor Neurone Disease (MND). Friends of Peter have approached FightMND (Neale Daniher) and the Melbourne Football Club who can support a charity event on Sunday 25 August. Given this, the Committee elected to support Peter by agreeing to move Natural Hazards on this occasion. We apologise for any inconvenience and hope you can support both events.

And please ... let's NOT mention this to Peter just yet. (He did not receive this email.)

Regards

Andrew Watson
President

Lesley Elvey
Natural Hazards Convenor
