How to fill in a MPower Golf Scorecard

M•POWER GOLF

Marking Autoscore

Fill in the players stroke score for each hole in the autoscore section using an 'X'.

Picking Up

If the player does not finish the hole mark an 'X' in the pick up box with the corresponding hole.

10+ Strokes

If the player has more then 10 shots you will need to put an 'X' in two boxes for that hole. The 10+ box and then the corresponding box for the score. *For example, if the player had 12 then an 'X' is placed in the 10+ box as well as the 2 box.*

Correcting a Mistake

If an 'X' is placed in the incorrect box you can scribble the 'X' out like this and enter an additional 'X' in the correct box.

Marking Strokes & Stableford Points

Fill in the players stroke and stableford points (if needed) for each hole in the boxes provided.

Signing Card

Ensure both the marker and player sign the scorecard before scanning. The scanner will not accept the card unless it has been signed by both player and marker.

Mark the actual score here — You are holding a MPower Golf Club Electronic Scorecard.

Example: ☒   Correcting a mistake: ☒   Specify scoring player. e.g. ☒

Hole	Metres	Par	Index	Strokes	Player		Marker	Player 3	Player 4	Women Index
